DESIGN SKILLS

Whimsical, Figma, Canva, Photoshop

OTHER HOBBIES

swimming, cycling, running, triathlon

LANGUAGES

Spanish (native), English (professional), Finnish (intermediate)

WORK EXPERIENCE

Quality Assurance Specialist & Frontend developer

May 2020 - present

SuperApp Oy - Helsinki Finland

Frontend development in pre-existing components

I build app's frontend development. I customise components using CSS + framework7 to implement responsive design to ensure applications work in different devices. I also perform backend installation and deployment.

Software Quality Assurance Tester

I identify bugs, defects, and usability issues in iOS and Android applications. I work closely with developers to ensure the product meets the intended design and functionality.

UX flow designer

I create static mockups for applications. I meticulously craft intuitive and visually appealing interfaces that enhance user experience. My goal is to utilize visual cues effectively to intuitively navigate users through the interface.

Achievements:

Successfully delivered 20+ apps meeting client requirements, involved in planning (UX design), frontend, testing, and publication phases of the project.

EDUCATION

Aalborg University

2015-2017 ERASMUS MUNDUS SCHOLARSHIP AWARD
