LANGUAGES

Spanish C2, English C2, Finnish B1

PROFESSIONAL EXPERIENCE

Manual tester & Product designer

SuperApp Oy - Helsinki Finland 05. 2020 - 01.2025

- Contributed to the front-end development of mobile applications, implementing intuitive UI/UX designs
- Ensured application quality and successful deployment by conducting manual QA testing and managing releases on the App Store and Google Play

PROFESSIONAL ACHIEVEMENTS:

- Tested & delivered +20 mobile apps in iOS and Android
- Published 2 mobile apps: **OmaVoltio** and **Nitida AI** live on [App Store](#) & [Google Play Store](#)
- Built intelligent platforms with real-time data processing and multi-language support (EN/ES/FI)
- Developed cross-platform solutions using React, TypeScript & Capacitor
- Integrated with official APIs (Fingrid, ENTSO-E) for live energy market data

Core Skills: Problem-solving, Critical thinking, Rapid prototyping

Communication: Cross-functional collaboration, Technical documentation
